ALL INDIA STATE BANK OFFICERS' FEDERATION

(A.I.S.B.O.F)

The All India State Bank Officers' Federation represents over 1,06,000 Officers of the State Bank of India. Membership of the Federation extends to officers belonging to Junior, Middle Management as also Senior Grades performing functions such as Assistant Managers, Deputy Managers, Managers, Chief Managers, Assistant General Managers and even Deputy General Managers of over 27,000 branches/offices of the State Bank of India, throughout the country.

The Federation was founded in the year 1965. It has 17 affiliates consisting of 17 Circle Associations. Its Central Office is presently located in Bengaluru. It has a unit office at the Local Head Office of SBI Corporate Office, Mumbai.

The Federation is an apolitical and independent trade union. It is led by serving bank officers only. It is affiliated with All India Bank Officers' Confederation (AIBOC), which is also an apolitical and independent Trade Union.

The Federation, a major stakeholder, is recognised by the SBI Management. The Federation is a partner in **"Bipartite and Tripartite"** forums established in the Bank for negotiations, consultations, customer service, community service banking, welfare schemes etc. It firmly believes in finding solutions to all problems through bilateral negotiations with the Management. **Com. Rupam Roy** is the General Secretary of the Federation.

The Federation is committed to the objectives for which the banks were nationalised. It actively participates in and supports all schemes and measures initiated by the Government for ameliorating the poorer sections of society and priority sectors of the economy.

The All India State Bank Officers' Federation has the unique distinction of having gone on **17 days Indefinite Strike from 11th June 1969 to 27th June 1969, the first managerial cadre strike in the world.** It was a path-breaking strike that paved the way for the improvement of the service conditions of officers and the growth of the officers' trade union movement in India. For the second time, the All India State Bank Officers' Federation and the All India State Bank of India Staff Federation jointly went on a historic **Indefinite Strike from 3rd to 9th April 2006**, demanding the upgradation of the pension scheme in State Bank of India. The strike was total throughout the country. It created very strong pressure on the Government of India. Finally, they had to discuss with both the Federations to sort out the issue to our satisfaction. The indefinite strike enthused millions of workers in organized and unorganized sectors. It proved once again that the united action of the labour will never fail.

The Federation has also brought out a documentary on the **"Indefinite Strike"** titled **"Union is Strength"**.

The Central Office of the Federation is provided with all infrastructures that are necessary for maintaining an efficient communication system between the affiliates, membership and the management in a most systematic manner. Apart from issuing circulars and other communications to grass-root level membership through e-mail and providing them with day-to-day information through the website (<http://www.aisbof.org>) on the activities of the organisation.

The journal namely **"Officers' Cause"** is being released on the 15th of every month regularly. The journal started its publication in the year 1981 and is a source of information to the grass-root level members throughout the country.

Copies of the journal reach all the 27,000 and odd branches of SBI keeping the members informed of the activities of the Federation. Apart from **"Officers' Cause"**, the Federation has also been instrumental in bringing out **"Common Bond"** another monthly journal, the responsibility of publication of which has since been entrusted to AIBOC. **"Common Bond"** commenced in 1982. Thus both these journals have completed over four(4) decades of service to the officers' fraternity.

In order to equip our office-bearers and activists with skills in defending their colleagues facing disciplinary proceedings, the Federation has launched a quarterly journal **"Domestic Enquiry"**, during the year 1997. The publication has been well received. Likewise, during the year 2004, the Federation has commenced yet another publication titled **'Labour Research'**. This bi-monthly publication has become quite popular not only in the financial sector but also among the entire Trade Union fraternity.

With a view to providing further fillip to the movement, the Federation has set up an Academy in the name of **'National Academy of Trade Union Research and Education (N.A.T.U.R.E.)**. in the year 1991. Periodical Training Programmes are conducted by the Academy to groom activists of our affiliates as potential leaders.

The faculty of NATURE also visits various parts of the country to impart training, wherever activists are not in a position to attend the programmes at Bengaluru. It has conducted **179 programmes** up to date.

Trade Unions in the organized sector cannot ignore the teeming millions of people who are living below the poverty line, the unorganized labour force, the down-trodden, child labour, bonded labour and millions of illiterate agricultural and other workers. We have to respond to society's problems. The organizations that are well off should spare a portion of their resources for social service. The Federation has set up a **"Social Welfare Fund"** to take up several social projects and encourage affiliates to make use of the fund for the purpose.

The Federation has also taken up the task of several other publications. The important ones are **"Handbook on Disciplinary & Vigilance Proceedings"** for officers in Public/Private/Rural and Co-operative Sector Banks **"An Aide to Defence Representatives"** and **Comprehensive compendium on Superannuation Benefits** in SBI, Medical Benefit Scheme to retired employees, Information Technology Act, a comprehensive compendium of current wage settlements in Banks/RBI, Insurance etc., The magnum-opus was a **"CD on Model Enquiry"** brought out during the year 2004, which has become quite popular.

The term 2012-2015 had been a very tumultuous one. The management issued a charge sheet to 27 Principle Office-bearers, Presidents and General Secretaries of our Affiliates for holding a lunchtime demonstration on 28th August 2012 opposing the intention of the management to introduce seven day's banking without consulting the Federation. The Circle Associations subsequently took legal recourse and filed petitions challenging the charge sheets in their respective High Courts. The verdicts of the High Courts were varying. However, the division bench of Chennai High Court quashed the charge sheets, which have been challenged by the bank through an SLP in the Supreme Court of India. Several of our leaders were penalized by reduction by a scale; some were placed under 19(3) under SBIOSR at the time of their retirements. Due to the continuous efforts of the Federation leadership, the matter has been sorted out in a mutually acceptable way. During this period there were unsavoury efforts to withdraw the check-off facility. That too had been sorted out. Eternal vigilance is the cost that we have to pay to keep our freedom intact. The turbulence created by a few obsessed functionaries has died down and the Federation has emerged much stronger than before.

The aim of the Federation is to achieve through constructive cooperation with the Management and the Government, maximize efficiency in banking operations, balanced spread of banking to different regions, high-quality customer service, development of human resources, modernisation of systems and procedures, prevention of wasteful expenditure and frauds and to generate stable

and harmonious industrial relations.

PONDICHERRY DECLARATION:

The All India State Bank Officers' Federation has completed 57 years of service to the officers' community. The Federation was set up in the year 1965 with a couple of Circles and less than a few thousand officers. Over the last 57 years, the Bank has grown rapidly with about 1,06,000 officers serving in over 27,000 branches of the State Bank of India. The challenges before trade unions are multifarious. With a view to consider the challenges before us and to rediscover the future perspectives of the organisations, a seminar of the Presidents and General Secretaries of all affiliates was held on the 5th and 6th of October 1997 at Pondicherry. After 2 days of deliberations, the leaders of the Federation came to certain conclusions in regard to the future perspectives of the organisation. The seminar also adopted a declaration on the vision and mission of AISBOF.

SECOND & THIRD MEETINGS

In the Second Meeting of the Presidents and General Secretaries of affiliates held at *"Udhgamandalam"* in June 1999, several policy decisions have been taken including restructuring of the Federation. The Third Meeting was held at *"Pune"* on the 7th & 8th November 2000 to review the functioning.

HISTORIC NAGPUR CONCLAVE OF THE PRESIDENTS AND GENERAL SECRETARIES

The Nagpur Conclave of the Presidents and General Secretaries of the Circle Associations and the Federation was held on the 5th and 6th February 2009. The conclave was a trendsetter in drawing up a blueprint for the future of the Federation. The meeting provided for an in-depth debate on several issues concerning the bank, Circle Associations, the Federation, the Trade Union movement and the society at large. The two-day conclave held through group discussions, presentations etc., concluded with certain specific objectives and future tasks for the Federation. One of the major decisions of the conclave was to take the organisation to the grass-root level by conducting *"Cadre Development"* programmes all over the country.

The communication system of the Federation is known for its speed and reach. Through electronic media, communication reaches almost real-time to members. As stated earlier, all pertinent information is uploaded to our dedicated website <http://www.aisbof.org>. Similarly, the Federation has an exclusive e-mail for the benefit of our members. The e-mail address is aisbofbangalore@gmail.com.

BRAINSTORMING WORKSHOP AT CHENNAI

The 5th meeting was held in Chennai on 20th and 21st October 2016. The demographic composition of our members has changed due to the arrival of young officers including a large number of lady officers. The need to inculcate the trade union spirit in their minds and train them for taking over the future leadership needs immediate attention. Hence, the assembly of Presidents and General Secretaries of affiliates of AISBOF, after a two-day brainstorming workshop resolved as follows;

- ➔ To provide ample opportunities for the younger generation of women officers in the leadership of our organization.
- ➔ To provide various avenues for training the members of the trade union as future leaders in the areas of leadership development, disciplinary proceedings, wage negotiations, the art of negotiation etc.

- ➡ To ensure that they contribute sincerely to the development of the Bank, follow the laid down systems and procedures thereby protecting the interests of the Bank.
- ➡ To strengthen the circle associations, wherever necessary, by providing leadership support.
- ➡ To join hands with our fraternal organisation, the staff union in our struggle to resolve the issues.
- ➡ To initiate dialogue with the management to address the issues in the implementation of CDS and the related issues hurting the employees
- ➡ To segregate cross-selling and commission thereby putting an end to unfair practices
- ➡ To have a relook into the branch categorization to restore the positions of branches wherever necessary to safeguard the interest of the bank
- ➡ To engage the management to address the burning problem of staff shortage
- ➡ To chalk out a path to sort out all the pending issues

Another brainstorming session of Presidents and General Secretaries was held at Bengaluru to discuss and find ways and means to solve the most important issue; **"Effects of Punishments"**. Accordingly, the AISBOF submitted its suggestions on the issue to the management and they were accepted after vigorous follow-up and persuasion. Now the entire **"Effects of Punishment"** are codified which should now be guidelines for the operating desk/levels.

NATIONAL COUNCIL OF SBOA CO-OPERATIVES

The Co-operatives provide vast scope for launching various welfare activities for the benefit of our members. With a view to providing facilities to our members, a Council has been set up with the objective of encouraging the formation of co-operatives for various purposes. The Council has decided to concentrate on;

- (i) Credit Co-operatives
- (ii) Housing Co-operatives and
- (iii) Consumer Co-operative Stores.

The credit societies run by the Circle Associations at Patna, Bengal, Ahmedabad, Hyderabad, Chennai, Mumbai, Bhopal, North-East and Bhubaneswar, Bangalore, Delhi, Jaipur etc., have been extending credit facilities to officers for meeting their domestic requirements such as the purchase of consumer goods, domestic items, the margin on housing loans, repairing & renovation of houses etc.

The quantum of loans provided by some of the societies ranges anywhere from ₹ 50,000/- to ₹ 10,00,000/- at a very reasonable rate of interest. Apart from credit facilities, these societies have also taken up a number of welfare activities such as administering benevolent funds etc. During the covid pandemic, all the societies extended financial assistance to the families of our deceased colleagues.

In the case of consumer stores, the services are of great help to our members. The Circle Association in Ahmedabad is a pioneer in the area of consumer stores; in recent years, other Circle Associations have also established consumer Co-operative stores for the benefit of their members.

AISBOF GENERAL SECRETARY'S RELIEF FUND

In the wake of the earthquake disaster in Gujarat, the E.C. of the Federation at its meeting held at Mumbai on 16th & 17th February 2001 decided to set up a separate fund in the name of 'AISBOF General Secretary's Relief Fund'. Members were requested to contribute a day's salary towards the fund. From out of the fund, financial assistance was provided to the families of officers who had lost their lives in addition to those who had lost their houses. The fund has been earmarked for providing relief to officers and their families affected by natural calamities in future. In the event of any natural calamity, the Federation has contributed to the respective Chief Minister's Relief Fund. The contribution was made to the PM CARES fund during the first wave of the Covid pandemic.

"GANDHI NILAYA"

FEDERATION'S OWN PREMISES

It was a long-cherished desire of the Federation to have its own premises for taking up various activities. The dream came true with the acquisition of premises in Bangalore. The premises, with accommodation of about 4000 sq. ft., have been aptly named 'Gandhi Nilaya', which can accommodate around 20 guests comfortably. Our Karnataka Circle Association has also set up its primary school in the cellar portion of the building. The first floor has a meeting hall. It is being used for the purpose of trade union meetings as well as for the conduct of the training programmes, under the auspices of N.A.T.U.R.E. It was decided to name the lecture hall "**COM. GODBOLE SABHA GRAHA**".

A "**Pent House**" was also added to the existing building to enhance its utility, especially when there is a heavy demand for accommodation during CET Tests/Interviews.

GUESTHOUSES

It was the desire of all affiliates and the Federation to provide guest house facilities at important places all over the country to make the stay of the officers comfortable whenever they visit such places on Leave Fare Concession or for other purposes such as medical treatment/admission of their children to educational institutions etc. In fulfilment of this objective, the Federation and the Circle Associations have set up Guest Houses at important centres viz. NATIONAL ACADEMY OF TRADE UNION RESEARCH AND EDUCATION (N.A.T.U.R.E.)

The trade union movement in India has a history of over a century. The seeds of unionism were sown along with the freedom struggle. The British who were instrumental in under industrial revolution also brought in its ill effects viz. exploitation of the labour class, discrimination between men and women, hostile working conditions, the perpetuation of child labour etc., which gave rise to the emergence of unions. The workforce employed in post and telegraph, railways, textile industry, jute and other industries organised trade unions and contributed their mite to the freedom struggle. The trade union movement in the banking industry began in the early 40's with the active support of Central Trade Unions. The officers' organisations took shape in the early 60's in the State Bank of India and other banks. During the last 62 years, the officers in the banking industry have consolidated their position and built up a strong industry-level organisation under the banner of AIBOC, the apex trade union of officers in the entire banking industry. The National Academy of Trade Union Research and Education is a wing of All India State Bank Officers' Federation. As a strong and militant organisation, the Federation has played a predominant role in the formation of AIBOC. The Executive Committee of the Federation, in one of its meetings, observed that there was a dearth in the effort made either by the central trade unions or independent Federations in the field of trade union education and research. The need was, therefore, felt for the unions in the organised sector like banking to come forward to take up the work of education and research in the sphere of the trade union movement. RESEARCH WING

One of the objectives of N.A.T.U.R.E. is to take up further research and study on the issues related to trade union movement as also issues related to working class of our country. Majority of the working class are in the unorganized sector. They do not get the benefit of organized trade unionism. Their working conditions, conditions of employment, wage policy etc., are at the mercy of the Government. The absence of assured social security measures, emergence of aggregators, reduction of workers in the public sector, as well as policies to exploit the working class framed has deeply affected the workers. It is necessary that all the Trade Unions in the organized sector contribute their mite for the welfare of their counterparts in the unorganized sector. OVERVIEW OF P.J. NAYAK'S COMMITTEE REPORT

The handbook comes in defence of the public sector banks in wake of a strong period and attack unleashed by the Government/Reserve Bank of India and against the clandestine attempts to eventually hand over the PSB's to private and multinational sectors.

The federation is an ever-dynamic organization of bank officers. We have survived 50 years of onslaught and emerged stronger with every struggle. While the working conditions of the bank officers have significantly improved over time, we are aware that a lot needs to be done to

improve the working conditions and fulfill the aspiration of our members. We are aware of the owner's responsibility to the All India State Bank Officers' Federation shoulder in defending the bank officers' legitimate rights.

NAVIGATING THROUGH TURBULENT TIMES

The book is on the challenges faced and sacrifices made by the members of the Federation during the period 2011-2013 and the sequence of events on the disciplinary action on the presidents and general secretaries of the affiliates of the Federation.

There were certain long pending issues like regulated working hours, self-lease, compassionate appointment schemes etc, with the management. Federation had been demanding 5 days a week based on the very strong ground including the development of technology in the banking sector. When the matter was pending the then Chairman made a unilateral announcement proposing the introduction of 7 days banking. This had raised apprehensions, leading to two days of strike notice and lunch hour demonstration. Consequently, they faced the wrath and fury of the management leading to the issue of show-cause invoking section 36 AD of the Banking Regulation Act and rule 19(3) of OSR against President and General Secretaries of the Circle Associations. They were charge-sheeted even without waiting for their explanation. In spite of the friction, constant negotiation continued. Through sustained efforts made by the Federation after Smt. Arundhati Bhattacharya took over as Chairman, an amicable settlement was reached. It was agreed to reverse all the punishment and the bank decided to close the disciplinary cases with '**Censure**'. With their patience, grit, and determination the members came through the turbulent times when justice has prevailed.

.....REMEMBER

Always put people first, paper second.

Make yourself visible to those

you want to influence

Every day, every way.

Understanding and sympathy must be along

With expecting and demanding the best.

Stroking must accompany poking.

The good leader doesn't see

or hear everything

Learn what to ignore

Remember what people did to help and nurture you?

Do it for others.

A leader who expects the best from everybody usually gets it.

.....FIRST YOU PRAY

Sometimes it will feel as though the world's mission is to

Wear you down! Good work is not for the faint of heart.

When the leader who is right knuckles under to the

Protests of the incompetent, she is knuckled into failure.

For a time, you can run of Empty physically

But only if you're charged up spiritually

Formula for victory:

First you pray, then you work

The Flaming Torch signifies Awareness

Vigilance, and Dynamism in full harness

The ordeal of fire braved through,

The saga of sacrifice and derring - do.

The spangled stars represent the

Federating Associations

The Loops proclaim affinity and linking of fates

The all encompassing Circle highlights growth,

Expansion of horizon, both.

Let us march on.....
